#### History

##### #1 - 04/03/2020 08:18 AM - Ondrej Husník

- Related to Task #2184: Add support of bulk actions to Form definition agenda. added

##### #2 - 04/14/2020 06:05 AM - Ondrej Husník

- Status changed from New to In Progress

##### #3 - 04/15/2020 11:21 AM - Ondrej Husník

- Status changed from In Progress to Needs feedback

- Assignee changed from Ondrej Husník to Vít Švanda

- % Done changed from 0 to 90

There was added export bulk action support for form definition agenda. As a part of this task there was created abstract export test providing general export/import method with possibility to inject additional functionality at specific place. It currently supports functionality injection into the place before tested DTO is deleted.

Please provide me a feedback of this improvement.

##### #4 - 04/27/2020 12:33 PM - Vít Švanda

- Status changed from Needs feedback to Resolved

- Assignee changed from Vít Švanda to Ondrej Husník

- % Done changed from 90 to 100

I did reiew and test. Export and import of a form-definition works nice. Thanks for abstraction of export test. I never use Consumer as callback function. You inspired me. Thanks for that.
