

CzechIdM - Task #2195

Max file upload - server configuration documentation

04/08/2020 06:33 AM - Radek Tomiška

Status:	Closed	Start date:	04/08/2020
Priority:	Normal	Due date:	
Assignee:	Petr Fišer	% Done:	100%
Category:	Infrastructure	Estimated time:	0.00 hour
Target version:	10.3.0		
Description			
In related ticket #2106 was improved product documentation about max file upload size: https://wiki.czechidm.com/devel/documentation/application_configuration/dev/backend#attachment_storage (Application server (e.g. Tomcat "maxSwallowSize" connector parameter) has to be set properly too (e.g. <Connector port="8080" maxSwallowSize="-1" ...))			
Could you please add the note into installation guide too? Property value (-1 or some high value) can be revised from your point of view (https://www.baeldung.com/spring-maxuploadsizeexceeded#tomcat-configuration).

History

#1 - 04/08/2020 06:33 AM - Radek Tomiška

- Related to Defect #2106: Max file upload exception is not propagated to frontend. added

#2 - 04/08/2020 07:23 AM - Petr Fišer

- Related to Task #2116: Allow max uploaded file size to be up to 100MB added

#3 - 04/08/2020 07:28 AM - Petr Fišer

Thanks for notifying me, will look into it.

Places to change:

- Installation howto for Linux (both CentOS7 and new-ish CentOS 8).
- Installation howto for Windows.
- Update dockerfile for CzechIdM image. [#2116](#)
- IdM 10 upgrade guide.

#4 - 04/15/2020 02:37 PM - Petr Fišer

- Status changed from New to In Progress

- % Done changed from 0 to 80

Updated all HOWTOs and Docker image for 10.1.0.

#5 - 04/16/2020 07:36 AM - Petr Fišer

Updated the howto in git, created a pull to develop.
<https://github.com/bcvsolutions/CzechIdMng/pull/108>

#6 - 04/16/2020 08:21 AM - Petr Fišer

- Status changed from In Progress to Resolved

Howto merged into develop by Radek.

#7 - 04/16/2020 08:26 AM - Radek Tomiška

- Target version set to 10.3.0

- % Done changed from 80 to 100

Thx! I merged branch into develop.

Note: This application server setting will be needed for LTS too, it doesn't work even before version 10, but it's nice to have a note in migration guide too.

#8 - 04/16/2020 01:54 PM - Petr Fišer

AFAIK we do not encounter this on projects but it is certainly good to know. Thank you. :)
